Bay Harbor Golf Club

Bay Harbor - The Links & The Quarry

Bay Harbor, Michigan USA
www.bayharboregolf.com

The Links course was the first to open for play in 1996. It also holds the distinction of being the most expensive nine hole golf course ever built at the time. Initially described as something that belonged in science fiction, the barren landscape looked like it could have been part of the lunar landscape. Most of the unexpected cost involved the kiln dust left from the former cement plant, particularly on holes two and seven. Closely following the shoreline, The Links is meant to evoke the feeling of a Scottish style course and highlight the magnificence of Lake Michigan.

The Quarry is Bay Harbor Golf Club's diamond in the rough and the last course completed. The ruggedness of an existing quarry was preserved to give The Quarry a rough, industrial edge designed to finish in a dramatic style. It is considered to be one of the most unique courses you can play and is a visual delight. It finishes with dramatic flair down to and along the shores of Lake Michigan with some of the most picturesque finishing holes that you'll find anywhere.

The Original Championship Course at Blackwolf Run

Kohler, Wisconsin USA

<http://www.americanclubresort.com/golf/blackwolf-run>

THE ORIGINAL
CHAMPIONSHIP COURSE

Typically comprised of two 18-hole courses (River and Meadow Valleys) Blackwolf Run returned to its original single-course configuration for the 2012 U.S. Women's Open. During the championship, the players competed on the Original Championship Course — the same one that made Blackwolf Run famous more than 20 years ago.

Featuring new grasses, new sand and contouring in all the bunkers and renovated greens, the Original Championship Course comprises holes 10-18 of the Meadow Valleys course and holes 1-4 and 14-18 of the River course.

It's a course unlike any in America. The perfect stage for one of golf's greatest majors.

The Meadow Valleys at Blackwolf Run

Kohler, Wisconsin USA

<http://www.americanclubresort.com/golf/blackwolf-run>

MEADOW VALLEYS

Professionals and amateurs of all skill levels can experience a day of golf like no other on the Meadow Valleys course. Described as both subtle and devilish, it winds through meadows and charges across ravines, reflecting the natural features of the Wisconsin terrain. This championship course challenges even the experts to weigh the relative advantages of distance and accuracy, though staggered tees put much of the danger out of harm's way for the average golfer.

The Meadow Valleys was ranked #60 in Golf Digest's ranking of America's 100 Greatest Public Golf Courses for 2017/2018.

The River at Blackwolf Run

Kohler, Wisconsin USA

<http://www.americanclubresort.com/golf/blackwolf-run>

River

Pete Dye designed one of the best golf courses in America on rich land once known by the Winnebagos and Algonquins for exceptional fishing and hunting. Intimidating to the professional, fair and dramatic for the amateur, this "beauty of the beast" measures 7,404 from the back tees with a slope of 151. Target landing areas, strategic bunkering, large undulating greens, and water or gorges on 14 of the 18 holes characterize the challenge of this championship course. The playing values of the River course are a match for its natural beauty.

In its brief existence, the River course has quickly earned a reputation as being among the country's very best. Ranking #15 in Golf Digest's 2017/2018 America's 100 Greatest Public Golf Courses and #19 in GolfWeek's 2017 Best Resort Courses. GOLF Magazine says this course "must be considered the nation's finest public-access course of modern times."

Brooklawn Country Club

Fairfield, CT

<https://www.brooklawnccl.com/>

Founded in 1895, Brooklawn became one of the earliest members of the United States Golf Association (USGA) when it was admitted on January 22, 1896.

Brooklawn's championship golf course traces to a nine-hole layout, designed by members shortly after the club's founding. In 1911, the acquisition of additional property enabled the course to expand to 18 holes. In 1930, the course was completely redesigned by the noted architect A.W. Tillinghast, and it continues to undergo improvements under the direction of architect Ron Forse.

Brooklawn has hosted five USGA championships:

- 1974 U.S. Junior Amateur
- 1979 U.S. Women's Open
- 1987 U.S. Senior Open
- 2003 U.S. Girls' Junior
- 2021 U.S. Senior Women's Open

DAEGU COUNTRY CLUB

Daegu Country Club opened to rave reviews, as the majority of holes play through wonderful valleys with magnificent mountain and country-side backdrops. Golfers of all handicaps will enjoy the straight fairway play as well as the wide open greens. Take caution though, even the intermediate golfer can run into trouble on narrow fairways and tight boundaries.

Donald Ross Memorial

Harbor Springs, Michigan USA

www.boyne.com

The Donald Ross Memorial is, in essence, a "greatest hits" compilation - selecting from some of the designer's best-known holes from the most renowned courses in his portfolio to create an unforgettable golf course. Acting on pure inspiration, the journey to select classic Ross-designed holes that would merge with Boyne Highlands' unique terrain would ultimately require countless miles of exploration - and years of dedicated effort.

In an effort to ensure authenticity, yardage for most of the replica holes - and elevation changes from tees to greens - is identical to the original. And while fairway roll and contours may differ slightly, the course looks,

plays and feels like a pure Donald Ross design, providing a demanding test that rewards fine play. Experience a trip across some of the most iconic golf holes from around the world, all in one round of golf on the Donald Ross Memorial.

GAPYEONG BENEST
GOLF CLUB

Gapyeong Benest was designed by Jack Nicklaus and opened in 2000. The "Maple" and "Pine" circuits combine to form the premier 18-hole course here. Trademark Nicklaus design traits are featured on all three nines here: wide fairways that reward good drives, long fairway bunkers which punish wayward tee shots and well-protected, undulating greens that severely test approach play and putting skills.

PGA Centenary at Gleneagles

Auchterarder, Perth and Kinross UK
www.gleneagles.com

Even for a champion and acclaimed golf architect like Nicklaus, The PGA Centenary Course was a challenge. It had to be a great golf course and, set as it is in the heart of Scotland, the country that gave the world golf, Nicklaus described the course as "The finest parcel of land in the world I have ever been given to work with". It had to be unique in its challenge, a golf course in the modern design ethos that at its fullest stretch tests the greatest players, while, in the immortal phrase of Bobby Jones, "offering problems a man may attempt according to his ability...never hopeless for the lesser player nor failing to concern and interest the expert".

Harbour Town®

Hilton Head Island, South Carolina USA
www.seapines.com

This distinguished golf course places a premium on finesse, imagination and shot-making, rather than strength, making it a perennial favorite among PGA TOUR players. Put your game to the ultimate test - against a collection of par threes ranked among the world's finest and a par-4 18th hole considered one of the most feared in all of golf, particularly when the wind is blowing off Calibogue Sound. The crowning achievement of famed designer Pete Dye, this celebrated PGA TOUR golf course is a true test of the game of golf.

Host of the "RBC Heritage"
 South Carolina's only annual PGA TOUR event.

Hayden Lake Country Club

**HAYDEN LAKE
 COUNTRY CLUB**

The Hayden Lake Country Club is a member-owned club rich in history and tradition.

Once a favorite gathering place for the Coeur d’Alene Indian Tribe, the Club location on the shores of Hayden Lake was originally the site of the Bozanta Tavern. J.C. Olmsted, of the distinguished Brookline, Massachusetts Firm of landscape architects who designed New York’s Central park, was brought out to plan the grounds. The lakeside resort was designed in 1907 by the leading Northwest architect of the era. In 1927, ownership of the tavern was transferred. It then became known as The Hayden Lake Country Club, and today is regarded as one of the premier clubs in the Western United States.

Since its founding, the club has experienced a colorful past. We have hosted a sitting President (William Howard Taft), served as the location for a silent film and functioned as the officers’ quarters for Farragut Naval Base on Lake Pend Oreille during World War II. The HLCC golf course, having been completed in 1912, was the first 18 hole layout in Idaho and has continued to be the mainstay since the turn of the century.

Hazeltine National Golf Club

Chaska, Minnesota USA
www.hazeltinenational.com

Architect Robert Trent Jones took the landscape and put a premium on shot values that makes low scores rare. His son Rees Jones used the routing and modified the course to test the best players of today. If you are out of position at Hazeltine, you will likely find yourself hitting over something. At times it is a natural feature of the land, and at times it is one of the many strategically-placed bunkers that closely guard the greens. Hazeltine is all about golf. This is the course that defines the club, as great a test as you will find.

Hollow Grounds

Edinburgh, Scotland

A rolling, up and down links-style course. Do not be fooled by the wide open appearance... the tall fescue and well placed bunkers can be a threat. Large marsh hazards will tempt you to go for it, but playing safe might be wiser.

Huzhou Hot Spring Golf Club is a challenging mountain course in the Yangtze River Delta. The course features significant elevation changes, dramatic views, and a challenging layout for the more experienced golfers. Huzhou Hot Springs features a cascading waterfall on the Par 3 second hole, and a two hundred-foot plunge from tee to fairway on the fourth hole. The mountainous terrain makes for spectacular scenery and interesting approach shots. Architect Neil Haworth designed this course, which opened in 2007. The course was rated the #1 golf course in China.

The Ocean Course at Kiawah Island®

Kiawah Island, South Carolina USA
www.kiawahresort.com

Built in 1991 by Pete Dye, there are no prevailing winds on the course. Located on the eastern-most end of Kiawah Island, the course has more seaside holes than any other course in the Northern Hemisphere – 10 right along the Atlantic. Although it was originally designed to sit behind the dunes, Dye's wife suggested raising the entire course to allow players unobstructed views of Kiawah's beautiful Atlantic coastline from every hole. This improved view, however, made the course substantially more demanding as it also exposed it to the area's brisk and unpredictable sea breezes. The Ocean has the highest combination of Slope Rating (155) and Course Rating (79.6) in America.

ARCHIVE EDITION

2011

La Romana, Dominican Republic

aboutGolf is proud to introduce the archive edition of The Links at Casa de Campo. Play the course as it was in 2011, before many changes were made to keep pace with advances in golf equipment and athleticism. Notable features include shorter length, more forgiving fairways, fewer bunkers and other hazards when compared to the present 2016 edition of The Links.

The Links, as well as Teeth of the Dog and Dye Fore, are home to the Annual Casa De Campo International Pro Am, and the Annual Caribbean International Pro Am I & II. So grab your clubs and join the fun!

Links at Casa de Campo

La Romana, Dominican Republic
www.casadecampo.com.do

Reminiscent of traditional links courses typically found in the British Isles, these 18 holes wind through the interior of Casa de Campo and offer spectacular views of the Caribbean Sea and the Resort grounds. And even though The Links course might not be right beside the ocean, there's still plenty of opportunity to go to the beach—no less than five holes feature water hazards. Rolling hills and ocean views offer a unique and fun golf experience. Another Pete Dye creation, The Links was completely overhauled in 2012 to make it every bit as challenging as the other courses at Casa de Campo.

The Links, as well as Teeth of the Dog and Dye Fore, are home to the Annual Casa De Campo International Pro Am, and the Annual Caribbean International Pro Am I & II. So grab your clubs and join the fun!

Old Palm Golf Club

Palm Beach Gardens, Florida USA
www.oldpalmgolfclub.com

With six carefully placed tees on every hole, there are delights and challenges to please literally every golfer under the sun: The further back you play, the harder the course as more water comes into play.

There's beauty, too. Raymond Floyd outdid himself, as he worked with and complemented the natural contours of the land. While there's continuity throughout, the front plays like a classic open Florida golf course with its wide fairways, the back holes seem more like North Carolina as we play down the shoots surrounded by a dense canopy of towering pines.

Then, too, there's the "Bye Hole", an homage to the game's Scottish heritage. With a green surrounded by water, this short but extremely challenging hole will surely test your shot-making. Hit or miss, it's the perfect place for a post-round wager.

Oriental University City Golf Course

Langfang , China

The Oriental University City golf complex was opened in 2002. The course was constructed to championship standards with large sloping greens, deep pot bunkers, and some very clever use of the natural water. The exceptional and intimidating use of the ponds and rivers on 14 of the holes makes this course one of a kind. Oriental University City is not extremely long or tight, but players must execute the shots.

Overlake Golf and Country Club

Medina, WA, USA
<https://overlake.club/>

Overlake Golf and Country Club's golf course is a classic, walkable gem set in the heart of beautiful Medina featuring a challenging yet fair test of golf for all skill levels.

The original Frank James-designed Overlake Golf Club opened in 1927. James and his partner, William Henry Tucker, designed such early layouts as Olympia Country & Golf Club, Sand Point Country Club, and Jackson Park Golf Course. Overlake was in full swing as a social and sporting scene for Eastsiders and Seattleites, many of whom arrived by small boat or ferry, until 1935 when the Great Depression forced the Club's closure.

Peligro Range

Las Vegas, Nevada USA

The scenic desert mountain landscape of Nevada surrounds you at every turn. The unforgiving layout features very little rough, obstructed views, and challenging greens. Stay focused on your game as the breathtaking views can be a hazard themselves. Par is a great score for a scratch golfer.

Pine Needles® Golf Club

Southern Pines, North Carolina USA
www.pineneedles-midpines.com

Pine Needles offers character, warmth and comfort. Built in the 1950's, this course has been meticulously restored under the watchful eye of Donald Ross aficionado, John Fought. The greens were rebuilt, bunkers were dug out, fresh sand was installed and some holes were "stretched" to return the shot values that Ross intended for this course. Pine Needles is one of the few golf resorts to hold three USGA Women's U.S. Opens.

www.tpc.com

Home of THE PLAYERS Championship, birthplace of the TPC (Tournament Players Club) Network, and backdrop to the PGA TOUR headquarters, the TPC Sawgrass golf course in Ponte Vedra Beach, Florida, is perhaps the world's most famous golf course. The course sports one of the most recognizable and challenging holes on the PGA TOUR, the notorious par-3, 17th hole. It features an island green that makes or breaks many a PGA TOUR pro's round. TPC Sawgrass was built to challenge the pros like no other golf course had done before, while providing an unprecedented experience for spectators at the same time.

Shady Dunes

Colfax, Louisiana USA

Shady Dunes is a fairly flat course lined with towering bald cypress and live oaks. The course offers expansive and forgiving fairways with little room for error elsewhere. You may find yourself hitting out of the sand, through the dense tree-lines, or over the murky water hazards more times than you would like!

SPANISH BAY

PEBBLE BEACH.

This version of Spanish Bay, which reflects the course as of 2012, brings you the beauty of the course before its 2015 renovation. With this archived version at your disposal, you'll be able to enjoy many features that have since been altered. Most notably, hole 3's black tee's are still available to be played from atop the hill, and hole 8 still retains its lush fairway around the green.

The environmentally sensitive habitat areas of the course limit the gallery to an approved 5,000. The course holds several smaller participant tournaments each year.

The Links at Spanish Bay®

Pebble Beach, California USA
www.pebblebeach.com

The Links at Spanish Bay held its opening ceremony on November 5, 1987. Tom Watson shot a 67 in the inaugural round and that still stands as the official course record. Situated on acreage that was once occupied by a sand-mining operation, The Links at Spanish Bay was built on vast sandy wasteland ideally suited for creating a true links-style course. Development began in 1985, and was planned to protect the native dunes habitat. The extensive program designed to blend public access, recreation and environmental habitat restoration involved establishing a nursery for native plants. In the early seasons, more than 100,000 native species were planted each year.

The environmentally sensitive habitat areas of the course limit the gallery to an approved 5,000. The course holds several smaller participant tournaments each year.

Golf Course
PEBBLE BEACH RESORTS

Spyglass Hill Golf Course, aboutGOLF's archived version, offers players a chance to play the course as it was in 2011. On the beach side, there was a more forgiving amount of rough, with less hazards to harm your game along the way. However the challenges are still aplenty in this version of Spyglass Hill, as many sand bunkers have changed shape over the years, offering an exciting look for new and returning players who are looking to enjoy this beautiful course.

Spyglass Hill Golf Course

Pebble Beach, California USA
www.pebblebeach.com

Spyglass Hill Golf Course takes its theme from Robert Louis Stevenson's classic novel, *Treasure Island*. Local legend maintains that Stevenson once wandered the Spyglass area gathering ideas for his novels. With this in mind, Robert Trent Jones Sr. set about creating a treasure of his own. Opened in 1966, Spyglass Hill Golf Course features two distinctly different kinds of terrain that influence the way the holes look and play. The first five holes roll through sandy seaside dunes challenging you to carefully pick the safest path. The following 13 holes are cut through majestic pines with elevated greens and strategically placed bunkers and lakes to grab the errant shot.

THE
JUBILEE COURSE
St Andrews Links
1897

aboutGolf is proud to introduce the archive edition of The Jubilee Course at St Andrews. Play the course as it was in 2011, before many changes were made to keep pace with advances in golf equipment and athleticism. Notable features include more forgiving greens and bunkers on holes 6, 9, 11, 16 and 18 compared to the present 2016 edition of The Jubilee Course. Play from the black, gold and blue tees was also significantly shorter in 2011, providing better opportunities for par on several holes. Enjoy your trip back in time.

JUBILEE COURSE
 St Andrews Links

The Jubilee Course at St Andrews

St Andrews, Scotland
www.standrews.com

Named in honor of Queen Victoria's Diamond Jubilee celebration, the third championship course at the Home of Golf, the Jubilee is considered by many to be the most challenging course on the famous Links. Built in 1897, it was originally intended for use by ladies and beginners; however, after seeing its prime golfing location between the New Course and the sea, the Jubilee was converted to a championship layout in 1988.

Created on a narrow strip of land between the sea and the New Course, the raised tees provide great views but also expose golfers to prevalent winds, which sweep in from the bay. Any golfer visiting St Andrews should play at least one round of golf on the challenging Jubilee Course.

aboutGolf is proud to introduce the archive edition of The New Course at St Andrews. Play the course as it was in 2011, before many changes were made to keep pace with advances in golf equipment and athleticism. Notable features include more forgiving greens and bunkers compared to the present 2016 edition of The New Course. Keep your drives straight though, as many vast fields of gorse still remained in 2011 that were mowed down in recent years. Enjoy your trip back in time.

The New Course at St Andrews

St Andrews, Scotland
www.standrews.com

The oldest 'new' course in the world, commissioned by the Royal & Ancient Golf Club of St Andrews, the second course at the Home of Golf was built by the Keeper of the Green Tom Morris in 1895 and it was imaginatively named to differentiate from its famous neighbor. Boasting undulating fairways and challenging greens, the New Course is a classic test of Links golf. The New Course, often referred to as the local's favorite, is tighter and the dense gorse and swathes present a prettier golf course. If located anywhere else, away from the looming shadow of the iconic Old Course, this golf course would certainly hold a higher reputation.

Many of the University of St Andrews Golf Team matches are played over the New Course. It would be a real disappointment to visit St Andrews and not play the New.

the old course®

Follow in the footsteps of legends. As the home of golf, St Andrews is the oldest and most iconic golf course in the world. The Swilcan Bridge and Hell Bunker are recognized across the globe, yet the greatest feature of the Old Course is that despite its grand status it remains a public golf course, open to all. The Open Championship has been hosted at St. Andrews 29 times, more than any other course. St. Andrews was also the first course to host the Open Championship on an 18-hole course, instead of three rounds of 12 holes, there were two rounds of 18.

aboutGOLF is proud to introduce the archive edition of Teeth of the Dog. Play the course as it was in 2011, before many changes were made to keep pace with advances in golf equipment and athleticism. Notable features include shorter length, more forgiving fairways, fewer bunkers and other hazards when compared to the present 2016 edition of Teeth of the Dog. A major landmark, the local airstrip at Casa de Campo still divides hole 18 in this trip back in time.

Teeth of the Dog

La Romana, Dominican Republic
www.casadecampo.com.do

CASA de CAMPO
Teeth of the Dog

Pete Dye's signature course, the #1 course in the Caribbean, and the #39 ranked course in the world, Teeth of the Dog has a reputation that's well deserved. Meticulously hand carved from the rugged rock and coral of the Dominican coastline, the hard-fought and challenging creation of Teeth of the Dog is an apt description for what playing a round can be like. Make no mistake, if you dare challenge the Dog it will bite back. But your efforts will be rewarded with 18 jaw-droppingly-beautiful holes, including seven right along the ocean, and the satisfaction of knowing you've played one of the best courses in the world. How many of your friends can say the same?

Tuscany Reserve

TUSCANY RESERVE

Naples, Florida USA
www.tuscanyreserve.com

Our Greg Norman/Pete Dye designed course at Tuscany Reserve Golf Club measures over 7,000 yards in length from the Championship tees and features Sea Dwarf Paspalum throughout. A picturesque farm-like landscape allows for a variety of uphill and downhill holes, while providing images of a course that could easily be set in the picturesque valleys of Tuscany, Italy.

The front nine resembles open and rolling parkland with widely scattered trees and ends with a descending par 4 to a peninsula green. The back nine is distinctly representative of Italy's rural farmland, providing a strong contrast to the earlier park-like holes.

Wilderness Club

Eureka, MT

<https://www.wildernessclubmontana.com/>

Originally opened in 2006, the Wilderness Club Resort started as a private golf community built around the Sir Nick Faldo-designed course that has since matured into one of the nation's best. Current ownership took over in 2011, transforming the property into a public golf course—and now, Montana's #1 family resort.

Whether you have a low handicap or are an absolute beginner, you will find our beautiful golf course memorable, challenging, and well maintained.

Ponderosa pine-lined fairways, waste bunkers, and deep greenside bunkers frame each hole along with spectacular vistas of nearby mountain ranges, and four tee box positions from 5431 to over 7200 yards allows play for all levels of experience.

#1 rated Golf course in Montana.

WHISTLING STRAITS

In 2020, The Straits at Whistling Straits will become the first public course to host the Ryder Cup in 29 years. One of Destination Kohler's four Pete Dye designed courses, The Straits is sculpted along two miles of dramatically rugged, bunker-riddled Lake Michigan shoreline.

Borrowing influences from Irish links courses, the Straits has fescue fairways and massive sand dune bunkers.

Arguably the greatest championship course in the United States, The Straits at Whistling Straits® has hosted the 2004, 2010 and 2015 PGA Championships and the 2007 U.S. Senior Open, and it is the site of the 2020 Ryder Cup.
